Vaibhav Pratap Mishra

Final-year Computer Engineering student at LTCE, Mumbai University, with strong skills in Python, Flask, MySQL, and web development. Passionate about building impactful solutions in software and IoT.

Educational Background

Bachelor of Computer Engineering Oct 2022 - Present
University of Mumbai
Lokmanya Tilak College of Engineering
- Average GPA : 7.01

12th HSC Feb 2021 - May 2022
RJ College
- Achieved 62.67% in the 12th board exams
- MHTCET Exam : 84.16% percentile

10th SSC June 2019 - Mar 2020
Guru Nanak high School
- Achieved 81.60% in the 10th board exams.

Internship

Python Developer Intern
CodeSprint Technologies — June 2024 - August 2024
- Worked on Python-based projects, including scripting, automation, and data analysis.
- Developed applications and features using Python libraries and frameworks.

Project

LTCOE's Computer Department Website
- Created a robust college computer department website with HTML, CSS, and JavaScript.
- Included a secure area for study materials exclusively for LTCE students, accessible via ERP ID-linked passwords.
- Enhanced accessibility and resource management with detailed department information for faculty and students alike.
- https://ltcecomputerdepartment.netlify.app/

QR Code-Based Student Attendance System
- Currently working on developing a QR code-based student attendance system amid to at automating the attendance process.
- This solution is being designed to streamline attendance tracking and minimize errors - OR codes,Geo-fencing, Java, Python.

Smart Glass for Blind People
- Developed IoT-based smart glasses using ESP32-CAM for real-time object detection with YOLO and voice feedback via Bluetooth.
- Integrated a custom Android app for Google Maps-based navigation, enhancing mobility for the visually impaired..

Skills

Technical Skills
- Python
- Data Analytics
- Mysql , sql
- java
- C Programing
- Web Devlopment

Certification/Short Courses
- FullStack Developer by Bharat Intern
- Data Analytics - IBM SkillsBuild CSRBOX
- Python Programming, Artificial Intelligence and SAP Conversational AI Chatbot - Edunet Foundation

Additional Information
- Receive a letter of appreciation for our hard work on the LTCE Computer Department website project.
